RE: Supreme Court Task Force  
on Minority Concerns

Dear Task Force Member:

The Hispanic Bar Association is very interested in the issues that the Supreme Court Task Force on Minority Concerns is working on. We have been involved in the development of the task force and we continue to be interested in its work, in particular in those issues affecting hispanic attorneys.

The Board of Directors of the H.B.A. would like to meet with you and the other hispanic members of the task force in order to stay in touch with its work and to exchange with the members suggestions, issues and ideas relating to the mandate of the task force. We are aware that as members of the task force you are bound to confidentiality of deliberations. Nevertheless, we believe that such a meeting would be useful both to us in maintaining ourselves aware of the task force's work and for you in receiving input from an organization of hispanic attorneys interested in the same issues which the task force is looking at.

I therefore cordially invite you to join us on Wednesday, July 16, 1986 at 6PM in the Mutual Benefit Life Building, 520 Broad St., Newark, NJ. Refreshments will be served. I am enclosing for your information a list of our Board members.

Please respond if you will be at the meeting by returning the bottom portion of this letter.

Cordially,
